IN-SURE® CONNECTOR KITS

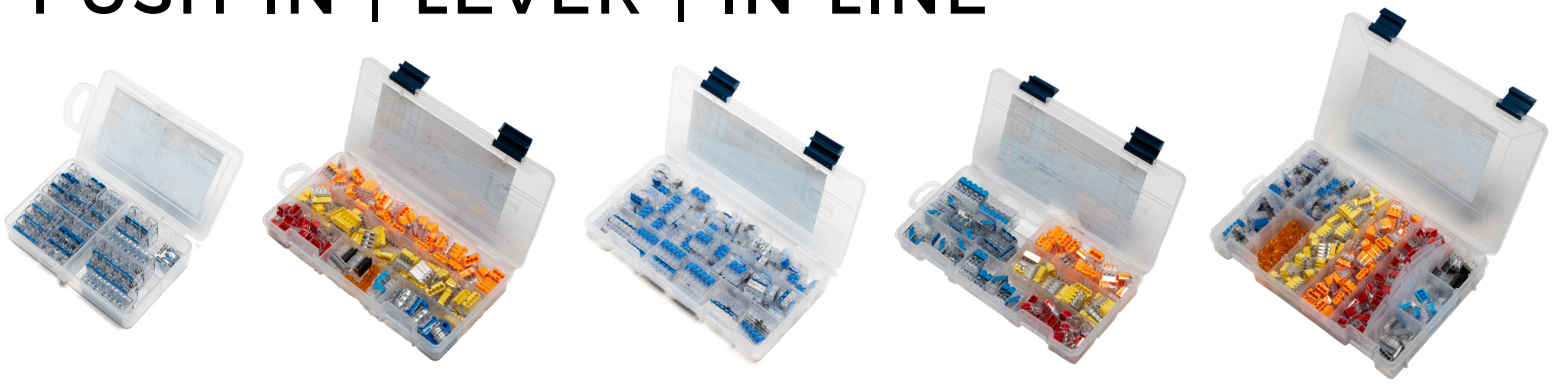

PUSH-IN | LEVER | IN-LINE

30-1010 30-1011 30-1012 30-1013 30-1014

Five convenient kits – organized, durable, and ready for any electrical job.

Features:

- CONVENIENCE IN A KIT: An assortment of lever and/or push-in style connectors in a variety of port sizes, all packed into a durable and organized case
- COMFORTABLE CONNECTION: Ergonomic, no-twist design with easy grip for comfortable installation
- LESS HAND & WRIST STRAIN: Low insertion force for fast and easy connections
- SPACE-SAVING DESIGN: Compact sized to easily fit into junction boxes - perfect for installations with limited space
